

# FENDER Tobacco Inc.

13<sup>th</sup> May 2012

**NANO NANO**  
**TFWA Singapore**  
**Stand L35**

- Fender Tobacco announces **brand new AFTER HOURS SILHOUETTES NANO** at TFWA Singapore.
- Innovative new variant includes the latest Chinese nano technology – much more efficient than previous nano technology
- Made from titanium dioxide, AFTER HOURS SILHOUETTES NANO gives consumers the opportunity to control the amount of tar and nicotine in the cigarette.
- Available at **Stand L35 at TFWA Singapore.**

Fender's Further Accomplishments

- Successful launch of AFTER DARK in EU domestic markets
- FIVE & DIME successfully launched in Middle East domestic markets, with new packaging that captures 50's and 60's pop art.
